

Malbank School and Sixth Form College

A Specialist College for the Arts, promoting excellence throughout the curriculum

Dear Parent/Guardian

In the last few years the English, Maths and Science departments have developed a successful approach in working as a partnership with pupils and parents to help everyone gain a fuller understanding of exam requirements and changes to GCSE. Specifically we have wanted to help engage parents in supporting their children with the transition from KS3 to KS4 in light of the new GCSE curriculum.

Last year we hosted a very successful “Core Subjects Engagement Evening” for all Year 9 students and their parents/carers. This was an enormous success with a fantastic turnout for an after-school event. The atmosphere on the night was great, and pupils and parents/carers really connected in terms of a shared understanding of how they could work together to help achieve success as they move from Key Stage 3 to GCSE.

As a result we would like to invite all Year 9 pupils and parents to the following workshop:

Thursday 21st June 2018
Core Subjects Engagement Evening
6:00pm-7:30pm in the Main Hall

Should you wish to attend this event please fill in the slip at the bottom of this letter and ask your son/daughter to hand it in to their English/Maths/Science teacher. **Please indicate the number of seats that you require (including your child).**

Thank you for your continued support.

Yours sincerely,

Craig Batty, Hannah Jamieson, Matthew Snape
Assistant Curriculum Leaders, English, Maths and Science Departments

.....
We would like to attend the Y9 Core Subjects Engagement Evening on Thursday 21st June 2018 (6:00pm – 7:30pm)
