

Dear Parents/Carers

Year 9 Assessment Week

Student workshop

Year 9 assessment week is the **W/c 23rd January**. During this week year 9 will be sitting a test/assessment in the majority of their subjects. To prepare students fully for this, Mrs Machin and I delivered a workshop to all of year 9 today on revision and retrieval. The main focus of the session was to stress the importance of revision and for students to come away with two effective revision strategies that they can use at home.

A copy of our session PowerPoint can be found here (this will be better explained in my video below):

Parental Video

Alongside this student workshop I have recorded a short video. This video offers some guidance on retrieval and revision strategies to best support your child during tests and exams. Please click on the link below to access this video- I hope it is helpful.

Assessment week exam content

Please click on the below link to access a document explaining what topics each assessment will include. The document also contains hyperlinks to key revision resources and websites for some of their subjects.

[Year 9 assessment week- exam content FINAL .pdf](#)

Assessment week timetable

A timetable stating which day each assessment will take place will be sent out next week.

The above will give your child the knowledge of what they will specifically be assessed on and the skills to enable them to best prepare and revise for this and future assessment or examination weeks. Many thanks in supporting your child with their revision.

Kind regards,

Mr Reed
Year 9 Progress Manager
