What Career are you in, and what sort of things does this entail?

Education Recruitment (I was also a Teacher/Instructor at Reaseheath College for 7 years prior).

What inspired you to go into your chosen career?

To be able to work with local schools, especially Malbank, in the local area of Nantwich to ensure that outstanding teachers are able to work in amazing schools such as Malbank.

What advice would you give to anyone interested in working in your career area?

Be positive, outgoing and don't shy away from problems. Face then head on.

What do you know now, that you wish you'd known when you were leaving Malbank?

That if you ensure that you make an effort with little things such as making a note of dates such as GCSE completion dates, any work experience dates then this will benefit you - employers love to see someone who knows exactly when things took place.

Also, anything that you have saved on your computer/laptop, whether it's school/sixth form work, files and photos and you are wanting to keep them for the future, stick them on a memory stick so you can always move them about freely! Don't rely on your laptop/computer being around forever!
