

Steven Robinson, 2008

What Career are you in, and what sort of things does this entail?

I manage a very busy & crucial section of the Railway- looking after the control systems that keep all train types & passengers safe

What inspired you to go into your chosen career?

Inspired by the teachings of Maths, Electronics & Physics by the various good teachers & equipment I had access to at Malbank!

What advice would you give to anyone interested in working in your career area?

Being at such a reputable school/Sixth Form as Malbank & working hard in all the subjects opened so many doors and avenues to me- use the time & facilities wisely whilst you have the chance

What do you know now, that you wish you'd known when you were leaving Malbank?

It's such a rubbish cliché but there really isn't one that is more correct than the school days are the best days! Really take that opportunity & enjoy every day

If you would like to get in touch with Matt to find out more about careers like this, please contact Mr Batty in the Sixth Form Office, or via Teams
