

Job Advert – Laboratory / Science Technician (including classroom support)

Grade 4 NJC (pro rata)

37 hours per week, term time only - Actual salary £21,508 - £21,849

Required: September 2026

Join our team and support high-quality science teaching and learning

We are seeking to appoint a skilled and committed Laboratory / Science Technician to provide a comprehensive technical support service to our Science Department. This is a key role within the school, ensuring that practical lessons, coursework and examinations are delivered safely, effectively and to a high standard.

You will work closely with teaching staff and pupils, supporting both the preparation of resources and learning activities within the classroom.

The Role

The successful candidate will:

- Prepare and provide science equipment, apparatus and chemical solutions for lessons
- Set up and test practical experiments in advance to ensure they run effectively
- Maintain laboratories, preparation rooms and chemical stores in line with health and safety and COSHH requirements
- Monitor, maintain and repair equipment where possible, arranging external repairs when required
- Support stock control, including ordering, recording and safe storage of materials and chemicals
- Build, adapt or assemble apparatus to support practical learning
- Work closely with teaching staff to support the delivery of the science curriculum

What We Are Looking For

We are looking for someone who:

- Has strong practical and organisational skills
- Has experience working in a laboratory, workshop or school environment (desirable)
- Has a good understanding of health and safety, including COSHH (or is willing to develop this)
- Is confident working with equipment, materials and, where required, chemicals
- Can work independently and manage competing priorities
- Has good communication skills

Closing date: 5th June 2026 at Noon
