

Summer Sports Day – an enduring Malbank tradition

Malbank School originally held its annual Sports Day on the former field, now a residential area to the right of the school. It was moved around the year 2000 to the more spacious fields along Waterlode, where Sports Day is currently still hosted, as shown on the map. In the 1940's Houses competed for the School Shield, which was won by Wilbraham in 1939 and 40, Thrush in 1941, and by Hodgkin in 1946 when the

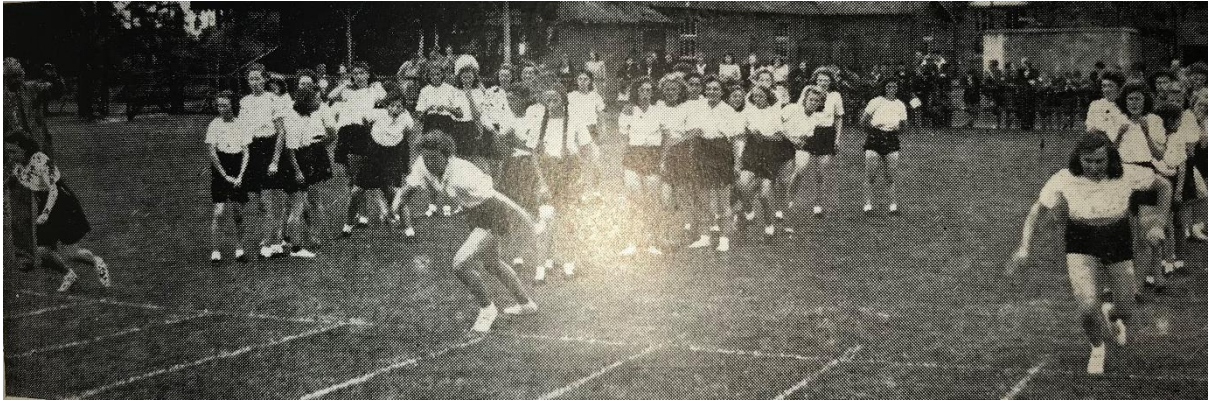

competition resumed after the end of the Second World War.
