HELLO, my name is Stacy.

I'm really excited to be joining the team as the Project Worker for the South! I've worked with young people with learning disabilities, challenging behaviour, and mental health needs for the past 23 years. During that time, I've gained my NVQ Level 3 in Health and Social Care and have loved every minute of supporting people to build confidence, feel included, and achieve their goals. It's been such a rewarding career, and I'm looking forward to bringing my experience to this new role.

I'm a friendly, positive person who enjoys getting to know people and having a laugh. Outside of work, I'm a mum of 4 energetic children. I love creating things and planning days out with my family. I'm really looking forward to getting to know you all, learning from the team, and starting this exciting new chapter together!
